**CLASS: BASIC5
SUBJECT: ENGLISH**

Read the passage carefully and answer the questions that follow

SECTION A

Trade is the activities of buying and selling or exchange of goods and services between people or countries. In the past, people practiced barter trade. Barter is a form of trade in which goods, property, service, etc are exchanged for other goods, etc. Without the use of money. In recent times, we talk about domestic or home trade and international or foreign trade.

Domestic trade takes place within a country. International trades take place between two or more countries. It has two divisions; export and imports.

Exports involves selling and sending goods to another country while Import refers to a product or service that is brought into country from another.

1. What form of trade was practiced in the past.
